PHILHEALTH CIRCULAR
No. 2020-0005

TO : ALL DIRECT CONTRIBUTOR MEMBERS OF THE NATIONAL HEALTH INSURANCE PROGRAM AND ALL OTHERS CONCERNED

SUBJECT : Premium Contribution Schedule in the National Health Insurance Program (NHIP) Pursuant to R.A. No. 11223 Known as the "Universal Health Care Act" (Revision 1)

I. RATIONALE

It is the policy of the State "to adopt an integrated and comprehensive approach to health development which shall endeavor to make essential goods, health and other social services available to all the people at affordable cost and to provide free medical care to paupers. Towards this end, the State shall provide, among others, (b) A health care model that provides all Filipinos access to a comprehensive set of quality and cost-effective, promotive, preventive, curative, rehabilitative and palliative health services without causing financial hardship, and prioritizes the needs of the population who cannot afford such services [Section 11, Article XVIII on Social Justice and Human Rights of the Constitution and typified in Article 1 of Republic Act (R.A.) No. 7875, as amended by R.A. No. 10606, and R.A. No. 11223 otherwise known as the Universal Health Care (UHC) Act of 2019].

Among the general objectives of the UHC Act is to progressively realize universal health care in the country through a systemic approach and clear delineation of roles of key agencies and stakeholders towards better performance in the health system; and to ensure that all Filipinos are guaranteed equitable access to quality and affordable health care goods and services, and protected against financial risk.

To accomplish these objectives, Section 7 of the UHC Act provides for an "Individual-based health services" that shall be financed primarily through prepayment mechanisms such as social health insurance, private health insurance, and HMO plans to ensure predictability of health expenditures." Under Section 8 of the UHC Act, the program membership in the NHIP is simplified into two (2) types, namely Direct and Indirect Contributors.

As such, the National Health Insurance Program (NHIP) under R.A. No. 7875 was engaged with the same purpose of providing health insurance coverage and ensuring affordable, acceptable, available and accessible health care services for all citizens of the Philippines, in accordance with the policies and specific provisions of the Act. This social health insurance program serves as the means for the healthy to help pay for the care of the sick and for those who can afford medical care to subsidize those who cannot (Section 5, Article III of R.A. No. 7875, as amended).
