I. PROJECT WORK DETAILS

RATIONALE OF THE PROJECT

The Department of Tourism Region IV-A will conduct an assessment and calibration of tour packages for the prioritization of the identified Tourism Circuit Cluster of the Province of Quezon. The validation of the identified tourism circuit is one of the essential steps in its development, taking into account the specific measures of readiness and quality of tourism products (sites and attractions) that will be promoted and marketed under the DOT Region IV – A's flagship program for tourism recovery and response under the new normal, *The Green Corridor Initiative*.

These 'green corridors' play an important role in maintaining regional biodiversity, improving environmental quality, offering economic resilience opportunity as well as protecting heritage and culture in the new normal.

PRIORITY TOURISM CIRCUITS

The Province of Quezon will feature the REINA Tourism Circuit, showcasing the tourism attractions and destinations in Real, Infanta and General Nakar, as its flagship tourism circuit model for *The Green Corridor Initiative*.

VALIDATION OF PRIORITY TOURISM CIRCUITS

The validation process of the Tourism Circuits will include different activities in various destinations in the identified tourism circuit. The participants will be able to validate and assess the distinct tourism products in the REINA Tourism Circuit under the new normal such as: (1) measurement of tourism viability of attractions and destinations under the new normal, (2) inspection of the implementation of health and safety protocols, and (3) assessment for contemporary and timely marketing strategy.

SUPPORT AND PARTICIPATION OF THE STAKEHOLDERS

The target tourism industry stakeholders that will participate in the validation are the following:

- Representatives from Quezon Province Association of Travel and Tour Agencies (QUEPATTA)
- Representatives from Tourism Organization of Quezon Province Philippines, Inc. (TOQPPI)
- Media Representative from Philippine Information Agency (PIA)
- Provincial and Municipal Tourism Officers
- Domestic Tourism Product and Market Development Task Force headed by Atty. Guiller Asido
- Tourism Promotions Board (TPB)
- Department of Health (DOH) Region IV-A

DOT DOMESTIC PROMOTION FOR RECOVERY

The initiative of the DOT to develop tourism products to support Domestic Tourism is one of the key components of the Tourism Recovery and Response Plan (TRRP). The program will streamline development efforts in close coordination with the local government units for the re-opening of tourism destinations and attractions, to ensure that the public minimum health and safety protocols are proper implemented to mitigate the spread of COVID-19.
